
PREPARING YOUR PETS

- Make certain all your pets wear ID tags
 - Dogs and cats should wear collars
 - Birds can wear leg rings
- Tattoo or microchip your pet and register your pet's number with a tattoo or microchip registration service.
- Your pet's ID tag should include a friend or relative's phone number as well as yours.
- Keep a supply of write-on ID tags, in case you're evacuated. Make sure your pet is wearing a tag with its new address.
- Put a sign in your front & back windows indicating number and types of pets.
 - Date the signs and keep up to date
- Have several close-up photos and a record of your pet's size, weight and special markings.
- Arrange for out of area friends to take in pets

 - Preparing for Pandemic Flu.

Methods for Purifying Water

Water is the most important thing you need to survive.

- Boil water (full, rolling boil) for 10 minutes.
- Use 10 drops of bleach per gallon of water; let sit for at least 30 minutes.
